PROJECT DESCRIPTION

The project consists of the furnishing of all labor, materials, equipment, tools and services for the construction of the North Horners Roadway and Drainage Improvements and other associated work as specified in the contract documents.

The scope of work includes but is not limited to the following:

- Remove and dispose of existing storm drain pipes and structures;
- Install storm drain inlets and pipes (15-inch, 18-inch, and 76"x 48" reinforced concrete pipe), and storm drain inlet/box modifications;
- Install new curb and gutter, handicap ramps, sidewalks and end-walls;
- Perform stream improvements (stream channel/side slope grading, coir fiber rolls, wetland plantings and bank stabilization);
- Provide and maintain pump around for storm drain replacements and stream improvements;
- Provide shrub and tree plantings along the stream;
- Install and maintain appropriate sediment controls and safety measures;
- Provide traffic control throughout the construction period;
- Provide tree protection measures throughout the construction period;
- Repair City of Rockville right of way (pavement, curb and gutter, sidewalks, lawn, etc.) as per contract documents.

The project is located in the Lincoln Park community along North Horners Lane, approximately between the Frederick Avenue and Dover Road intersections.
